Grand Ledge High School Marching Band Exhibition 29th Annual

Wednesday, October 5, 2016 Grand Ledge High School

This will be our twentieth year at the Grand Ledge Exhibition. The Grand Ledge event provides us with a setting where we can **appreciate other bands' performances**. It also affords us a non-rated, **critiqued performance opportunity**. Each band's performance is critiqued from the press box by five tape adjudicators, and cassette tape comments are provided. One clinician provides feedback to the band just after the performance.

Even though we do not "compete" per se, the band still puts **everything they have into preparation and performance** before their very knowledgeable peers. There is no lack of enthusiasm! *and...* **The fabulous MSU Spartan Marching Band will perform at 9:00 PM!** We hope to have a great following of families and other patrons! The following is our itinerary for the day:

9:50 PM	Depart Grand Ledge
10:30 PM	Arrive Okemos H. S. Turn in hat, plume, coat.

Tickets are for sale at the gate. I have complimentary tickets for our bus drivers and official chaperones only.

This **big performance** requires total memorization of our music and drill, and our top level of execution. Each band member not only gets back what he or she has put in to the preparation, but the incomparable feeling of satisfaction that the whole group is working together and cooperating with each other to create a performance that is the best we can make it. The band members put much time into the things they do - this individual and team effort **is worth it!**

I hope you can make it to Grand Ledge to enjoy this great night and to support the band!

Musically,
